Plant Tours of Greenfield Global Québec Inc., OR Lallemand's Prefontaine Yeast Production Plant, OR Distillerie Côte Des Saints OR Comont Distillery & Tonnellerie Moreau Cooperage

PLANT TOUR INFORMATION

TRD

OPTION #1 Greenfield Global Québec Inc., Varennes, Québec

Greenfield Global Québec Inc. is an ICM-designed plant, completed in early 2007, that produces fuel-grade ethanol, carbon dioxide, distillers' dried grains, and MWDGS. Current capacity of 190 million liters (around 50 million US gallons) of fuel-grade ethanol per year, made from 17 million bushels of Quebec corn. In 2008 Greenfield Ethanol completed a second ICM-designed plant in Johnstown, Ontario that produces a combined 255 million liters (approximatly 67 million US gallons) of ethanol; split 155 million liters to fuel-grade ethanol and 100 million liters of industrial alcohol.

OPTION #2 Lallemand's Prefontaine Yeast Plant, Montréal, Québec

Lallemand was founded in Montreal at the end of the 19th century by a young immigrant from the Alsace region of France, Fred "Lallemand." The plant on Prefontaine Street was built in 1915, with production of baker's yeast starting there in 1923. Roland Chagnon acquired the business in 1952 and set it on a path of expansion. The Chagnon family remains the current owner. Today, the plant produces a range of liquid, cake, and dry yeast for the fuel ethanol, beverage alcohol, and baking industries.

OPTION #3. Distillerie Côte des Saints, Montréal, Québec

Located North of Montréal in Mirabel, the Côte des Saints distillery is located in an agricultural area recognized and sought for the quality of its soils. Surrounded by the best natural elements, it allows the production of some of the most sought spirits. At Côte des Saints, the difference is our exceptional process, our craftsmanship, and our commitment to excellence approach - where we grow our own barley. From our fields to your bottle is done right on the premises in rural Northern Québec which promotes ome of the very best distilling conditions in the world.

OPTION #4 Comont Distillery & Tonnellerie Moreau Cooperage

Comont, a new family, embarked on its journey in 2020 with the establishment of our distillery. Whether near or far, everyone involved in our craft is considered part of our family. Colllaboration between distilleries lies at the heart of our mission, as knowledge sharing propels our brand and products forward. We prioritize the development of various offerings while maintaining respect for raw materials and local sourcing. Our partnerships with Ferme Bourdelais and Brûlerie Faro, along with a network of pickers across Quebec, enables us to deliver high-quality products.

Tonnellerie Moreau, located in the pristine wine region of the Eastern Townships, Québec, was established in 2017 as a cooperage that specialize in sourcing premium quality new & used oak barrels & foeders, as well as repairs, pressure tests, and consulting services for beer, spirit, wine, and cider industry.
